# Dramatic Irony

12/11/24

When the reader or audience knows something the character doesn't.

- 1 How old was the dead child in the apartment?
- 2 ~~What was the drug in the syringe?~~ Why did they leave the cellar?
- 3 Where did Felix think that the Jews went with the Nazis?
- 4 What was squished in the stairwell of the apartment complex?
- 5 How do you think Felix felt at the end of the chapter?

where you ~~ma~~ used your imagination to explain how Zelda ended up outside the house. Your paragraphs are clearly laid out and the layout of the letter is great so well done. Next time, I would love to see you spend more time discussing the death of Zelda's parents, how this makes her feel and what Zelda thinks will happen next. Use that creative mind from the opening paragraphs again at →
