Q5. Write out the Founding story of a religion you have studied

Moses was born as a Jew in Ancient Egypt at a time when all Jewish newborns were being killed. His family put him in a basket and put the basket on the Nile hoping someone would find and adopt him. The princess of Egypt found him and he became part of the Royal Family. Years later he found out he was Jewish and killed a man for beating a slave. He went into the desert so that he wouldn't be caught. There he found a tribe, a wife and a job as a shepherd. One day while herding sheep, a burning bush spoke to him. It told him it was God and that Moses had to go free

the Jews. Moses asked the Egyptian Pharaoh to let them go, but he said no. So, Moses brought down the Ten Plagues. The last plague, killing all the firstborn Egyptian children, convinced the Pharaoh to let them go. As the Jews were leaving the Pharaoh changed his mind and went after them. When they reached the sea, Moses split it, letting the Jews through. When the Egyptians followed, the water came back and drowned them.

Q7 Describe a time of difficulty for a major world religion.

In the 1930's, Hitler gained power in Germany. He and his party hated Jews and he separated them from other people. When he had completely separated the Jews, he put them in concentration camps with barely any food. In WW2, he managed to spread his beliefs through Europe and kill Jews in countries like Poland and France. He killed (many) millions of Jews before he was defeated. This time was known as the Holocaust or "burnt offering" and reduced the number of Jews in Europe.
